

Fairfax Parks and Recreation Movie Nights

COVID-19 Regulations

To ensure we are complying with the current COVID-19 Guidelines we will be enforcing the following rules for our events. We are going to do everything we can to make sure our events are safe for everyone to enjoy. The guidelines we are providing are in-line with the current regulations provided by the CDC and the state of Vermont for outdoor events and will be taken very seriously by our department.

- Groups of 6 people or less must sit behind their designated stake which will be their seating area and will have a 12 foot buffer between the parties to either side of them.
- Hand sanitizer will be available at the event upon entering and exiting
- Masks must be worn when walking to and from your seating area and may only be taken off once you are sitting, however, we encourage you to wear your mask for the duration of the event.
- Movie goers must practice social distancing of 6 feet when walking to and from seating area
- Everyone must bring their own blanket and chairs to sit on, we encourage blankets to not block anyones view who may be behind you.
- Groups may be no larger than 6 people per seating area
- RSVP will be required by one person per group and include all the people that will be accompanying them at their seating area

We will assess the interest level of these events and if we find that there is a higher interest in attendance of these events than anticipated we will move the events to a larger location where more people will be able to be accommodated while still complying with COVID-19 regulations.
